

Professional Learning Program

Introduction

Google Lit Trips are downloadable files that mark the journeys of characters from famous literature on the surface of Google Earth. Along the way, place marks with pop-up windows contain "just in time" resources including relevant media, thought-provoking discussion starters, and links to supplementary information about "real world" references in that portion of the story.

Estimated Completion Time

20 minutes

Requirements

Laptop/MacBook/Tablet
Google Earth Software

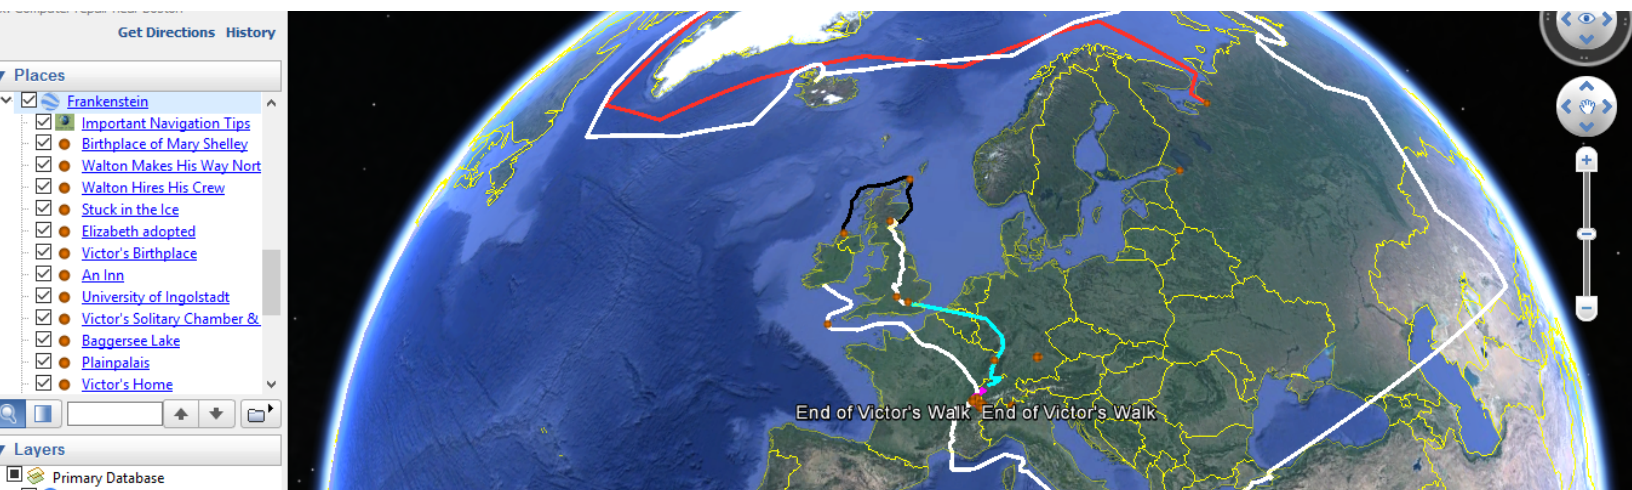

Let's Begin

1. Open Laptop/MacBook
2. Search for "Google Earth" and download software. (<https://www.google.com/earth/>) Note: Google Earth Pro is not required. Basic free version will work.
3. In your browser of choice, go to www.googlelitrrips.org
4. On the left hand side of the homepage, find and click the member registration button. Complete the process and become a member.
5. You are now a member & it is time to explore! Return to the homepage, and on the left side you will find a section titled "LIT TRIP LIBRARY." You will be able to explore a variety of titles available. Take a moment to explore by Grade and choose a book. By clicking on a title, you will be able to view a brief description.

EXPLORE ALL THE TITLES!

Continue...

- After making a selection, navigate back to the home screen.
- Along the left side of the home screen you will see a section titled "GLT Store." (Free resource) Click on the first sub heading of this section, "Request a Lit Trip".
- This is where you request the book that you want. Fill out the form provided and the file will be emailed to you.
- As you wait for the email, make sure that you have Google Earth downloaded on your Laptop/MacBook.
- When your email has arrived, you will find the book that you requested attached as a Zip File. Click on the attachment and the Zip file will unzip/download onto your computer. When the file has become unzipped, you will see the name of the book you have requested.
- Locate the file you just unzipped on your computer (Download folder). Once located, double click the file that is titled with the book name you have requested.
- Google Earth will open and your Google Lit Trip journey will be displayed! Follow the journey along as you read the book to better visualize the setting of your novel.
- Do not worry about losing your journey, as you close Google Earth, you will be prompted to save it.
