

BULLETIN

September 2017

Message from your Coordinator:

"Welcome to a year of opportunity!

As SSoE teacher candidates you are provided with a variety of workshops, presentations and supports designed to contribute to the success you will already achieve at Nipissing University. Opportunities to explore educational technology in ways creative and effective ways in the K-12 teaching and learning environment will be presented, as well as, sessions and workshops that will help build knowledge and understanding of the education world as a whole. Your participation in the program will undoubtedly add valuable resources and experiences to your resumé, and contribute to the confidence and success you will have as an educator. We look forward to being a part of your journey!"
